IM INSPIRED BY SENSUAL SIMPLICITY

The world is spinning faster and faster. My life is hectic and busy, I barely find the time to relax.

I long for a second to catch my breath, it's the simple things that give me special moments of reflection and sensory perception.

I therefore create my own personal retreat. Simple, light and comfortable; after a stressful day it's this that helps me to find my inner balance again.

IM INSPIRED BY URBAN SPIRIT

I love big cities. The diversity of the people, the fashionable districts with their hip vibe, architecture and art, culture and subculture, the constantly changing fashion and interior trends fascinate me.

All this merges into a unique energy that pulsates, driving forward ensuring an exhilarating tempo. This creates a special spirit that can only be found in big cities around the world.

IM INSPIRED BY PURE NATURE

My escape is the countryside, I am at one with nature. I close my eyes, breathe the clean, fresh air and enjoy the tranquillity that surrounds me.

Everything I see, hear and experience here in this place is so different to all that encompasses me in everyday life.

Nature in its original state – so real, so untouched, so pure. This is what inspires me and allows me to regain new strength time and time again.

IM INSPIRED BY BOHEMIAN LIFESTYLE

When I travel, I feel like an adventurer, driven by the excitement of discovery. My intent is never to arrive, but to explore!

The bohemian medley of society, philosophy and lifestyle fascinates me. The vivid colours and combinations of shapes and materials invigorate and inspire me, a source of individuality and vitality.
